Sward

For use with
earthworm control
products in amenity
situations

Sward is a soluble concentrate containing 400 g/l ethylene oxide propylene oxide copolymer (EAC1) and 58.1 g/l trisiloxane organosilicone copolymers (EAC2).

1 litre ^e
PROTECT
FROM FROST

Sward Directions for Use

Application

Use Sward at a rate to give a 0.05% to 0.2% dilution of the final water volume in the spray tank, depending on the pesticide in use. Before use ensure that all spraying equipment is clean. Add half the required volume of water and start agitation. Add the required quantity of Sward.

Quantity of Sward	Water Volume
40 ml	20 litres
400 ml	200 litres

Fill the tank to the required volume whilst maintaining agitation. Continuous agitation must be maintained until spraying is complete. All application equipment must be thoroughly cleaned with water prior to storage.

Important: This information is approved as part of the product label. All instructions within this section must be read carefully in order to obtain safe and successful use of this product.

HEALTH AND SAFETY

Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Contains Trisiloxane, polyether modified

SAFETY PRECAUTIONS

The (CoSHH) Control of Substances Hazardous to Health Regulations 1988 apply to the use of this product at work.

Operator precaution: Engineering control of operator exposure must be used where reasonably practicable in addition to the following personal protective equipment. Wear suitable overalls and protective eye/face protection.

However, engineering controls may replace personal protective equipment if a CoSHH assessment shows they provide an equal or higher standard of protection.

Wash all protective clothing thoroughly after use, especially the insides of gloves. When using do not drink, eat or smoke. Avoid contact with skin and eyes. Take off immediately all contaminated clothing. If you feel unwell seek medical advice immediately (show the label where possible). In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Use appropriate container to avoid environmental contamination.

Environmental Protection: Do not contaminate surface waters or ditches with chemical or used container. Avoid release to environment. Refer to special instructions/safety data sheet.

Storage and disposal: Keep away from food, drink and animal feedingsuffs. Keep locked up and out of reach of children. Keep in original container, tightly closed, in a safe place. Wash out container thoroughly and dispose of safely. Do not re-use containers for any other purpose. This material and its container must be disposed of as hazardous waste.

Field of use:

FOR USE ONLY AS AN AGRICULTURAL/HORTICULTURAL/AMENITY WETTING AGENT IN THE FOLLOWING SITUATIONS

Managed amenity turf/amenity grassland.

All Approved pesticides.

0.2% (v/v) spray solution (maximum).

For maximum number of treatments: always follow the statutory conditions of the pesticide: READ THE LABEL BEFORE USE. USING THIS PRODUCT IN A MANNER THAT IS INCONSISTENT WITH THE LABEL MAY BE AN OFFENCE. FOLLOW THE CODE OF PRACTICE FOR USING PLANT PROTECTION PRODUCTS.
