

systemic fungicide

# Masalon

A turf fungicide with outstanding systemic activity against Fusarium Patch, with a protective action, from very low rates of active ingredient

## WHY Masalon

- Proven effective even in high disease pressure
- Treatment is effective for over 4 weeks
- Cost effective, easy-to-measure dose rate
- Outstanding safety to turfgrass species
- Proven safety to beneficial soil bacteria
- No efficacy lost by rainfall
- Very low rates of active ingredient applied
- No Hazard Classification

## How Masalon works

MASALON\* TURF FUNGICIDE gives very effective control of Fusarium Patch whilst being totally safe to all key turfgrass species and to soil bacteria. The application rate of Masalon also makes it a truly cost effective choice. As an emulsion in water formulation Masalon has a low concentration of active ingredient but at the same time has a very high level of control.

As Masalon cannot be washed off, it remains effective at controlling Fusarium Patch for at least 4 weeks.

## How to use Masalon

Masalon Turf Fungicide can be used at any time of the year. Apply at first signs of disease symptoms when weather conditions are favourable. For best results apply when turf is actively growing outside of a frost period.

A second spray may be required after 4 weeks if weather conditions favour further disease development. Masalon may be applied to newly sown turf at or after the 2-leaf growth stage. To optimize translocation and fungicidal activity it is recommended not to mow the turf for 1 day before and after an application of Masalon.

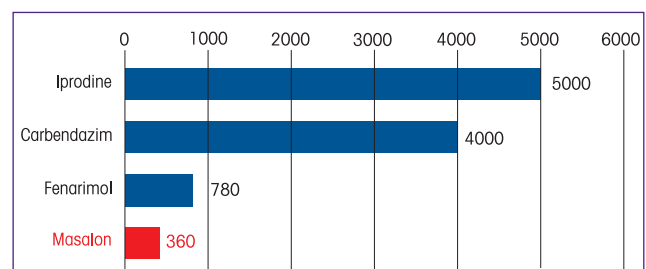

### APPLICATION RATES

Equipment	Masalon	Water Volume	Area
Power Sprayer	8 litres	500 litres	1 ha
Powered Walkover Sprayer	80ml	5 litres	100m <sup>2</sup>
Hand Held Sprayer	80ml	5 litres	100m <sup>2</sup>

### RECOMMENDED PERIOD OF USE

J	F	M	A	M	J	J	A	S	O	N	D

Amount active ingredient applied (g/ha) from one application

### RTCHECKOUTS

Contains: 45g/litre myclobutanil  
 MAPP No: 12385  
 Pack size: 1 litre  
 Pack coverage: 1,250 sq.m  
 RT order code: 0632350/01

Use plant protection products safely. Always read the label and product information before use.
