

# NEW FOR 2018

## Two advanced line marking paint technologies for pitch perfect presentation...

Line marking multi-use pitches and training grids, where rapid change over is essential, calls for specialist paints. Whether you need to remove or conceal lines, new **Green-Out** and **Wipe-Out** paint technologies provide the perfect solutions.

### Green-Out

Available in two formulations – ready-to-use **Impact Green-Out** and **Duraline Green-Out** dilutable concentrate. Both completely mask-out white lines and stencils and blend better with the grass surface than traditional green paints.

#### Impact Green-Out

- ▶ Ready to use
- ▶ Apply as a spray through specially engineered green cone nozzle
- ▶ For use on grass surfaces

#### Duraline Green-Out

- ▶ Ready to use or dilutable
- ▶ Spray or transfer wheel
- ▶ For use on grass surfaces

Impact Green-Out green paint covering up a stencilled sign showing how well it blends with its natural grass colouring

#### Green-Out S

Green-Out S is available for use on synthetic surfaces and applied as a specialist service. Information on request.

### Wipe-Out

**Wipe-Out** paints deliver a bright white or vibrant colour line that lasts whilst dry but easily removed. It is ideal for rapid changeover between sports.

#### Wipe-Out G

- ▶ Designed as a temporary marking paint on natural grass surfaces (will not withstand heavy, persistent rainfall)
- ▶ Available in bright white or a range of vibrant colours
- ▶ Simply removed with a pressure jet washer or hose with soft brush attachment
- ▶ Apply by spray or transfer wheel, or by brush or roller, making it great for logos

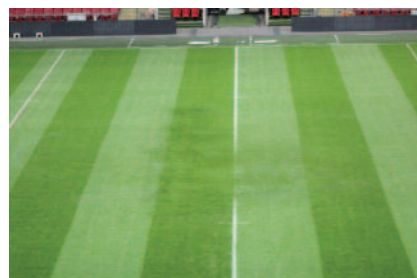

#### Wipe-Out S

- ▶ For use on outdoor synthetic grass surfaces\*
- ▶ Available in bright white or a range of vibrant colours
- ▶ Great surface adhesion
- ▶ Spray application

\* Wipe-Out S is not water soluble and will need to be removed using Duraline Dissolving Solution

Logo and lines highly visual using Wipe-Out paint

Immediate result. Wipe-Out painted logo easily removed

After 24 hours logo is now invisible
